APPROVAL OF MINUTES

- **Motion 1** (4/0/0): Ross Centers moved to approve the September 20, 2017 minutes, Bill Braly 2nd.

DISCUSSION/ACTION ITEM

- Parks Master Plan – Since last meeting, the plan was put out to public comment. Only one public comment was received; from Richard Lance. Most have already been incorporated into the draft. Richard suggested the start of a committee to devise a parking plan. Ross Centers suggested inserting language on page 40 to mention the possibility of a dog park at Valley View. **Motion 2** (2/1/1): Richard moved to include item # 4 into the plan after changing Committee to Task Force. Ross 2nd the motion with the change of “shall be established” to “may be established”. **Motion 3** (4/0/0): Ross moved to approve that Parks Master Plan with the additional verbiage of considering establishing an additional dog park. Richard 2nd the motion.
- Baker Park Improvement – Excited to get stated the first step will be to send out a community survey like the one sent out for Quince. Completion goal would be Spring/Summer of 2019.
- Hayden Toy Structure – received five designs for consideration. The park staff met and took the five down to two. Jenny against structures that have restricted visibility as the one design has. It was a consensus that the committee liked the open concept design play structure.
- Land acquisitions – The City has the opportunity to purchase two parcels of land. One is at the North end of the Dry Canyon (36 acres) and is currently on the market. There is a need for a community park in that area. The other is on

the South end of town. The owner reached out to the City on 22 acres that he would like to work with the City be used for a park and ball fields. **Motion 4** (4/0/0): Ross moved that where the property at the North end of the Dry Canyon is irreplaceable and is necessary to continue the Dry Canyon park experience northward, the Parks Committee strongly recommends the City progressively pursue acquiring that parcel of land for a new neighborhood park. Bill 2nd the motion. **Motion 5** (4/0/0): Richard moved that the Parks Committee recommends that the City pursue the purchase of the property to be dedicated to ball fields at the South end of town. Bill 2nd the motion.

- Schedule next meeting date – Will meet in December, unless there is a need to meet in November.

UPDATES

- Bike Park Update – Had a great public meeting. The consultant showed videos of different types of bike parks. Brainstormed different elements of what we were looking for in our park. There were many questions on why the location of the new park would not be in the Dry Canyon. We were able to work with them and get them excited about the Homestead Park location.

COMMITTEE MEMBER UPDATES/COMMENTS

17	The playground equipment	11/29/2017 7:29 PM

19	The small playset	11/29/2017 4:04 PM
20	The equipment is very old, aged, and needs to be replaced. My son has been playing there since he was 1 years old. I always worry something will happen.	11/29/2017 1:17 PM
21	Outdated structure, no crosswalks/sidewalk to access.	11/29/2017 12:56 PM

Baker Park Renovations

31	Outdated play structure & bark chips.	11/29/2017 11:02 AM
32	It can attract homeless	11/28/2017 12:10 PM
33	The parking is not good and there are very few tables/sitting areas. Ultimately it isn't all that "user friendly". Also, it seems to be a place for hood rats and trouble to hang out. My three-year-old daughter recently got rushed to the ER after being cut very badly from a broken beer bottle at the park.	11/20/2017 8:32 AM
34	Old unsafe playground.	11/19/2017 9:05 PM
35	Hot slide.	11/18/2017 10:00 PM
36	Old park equipment scares me and is not suitable for my young children, 10 months and 3 years. No permanent bathroom just an outhouse which my 3 year old wont use. I frequently see older teens or young adults at the park engaged in drug behaviors. For example hanging out in their car in the small parking lot, using marijuana, junk dumped in the park, offensive language and loitering. There was a couch dumped in the park last month. Overall I sometimes do not like to take my young children there because of these things.	11/17/2017 2:27 PM
37	chained down portapot restroom, poor sidewalk accessibility, no paved paths, minimal off street parking, nothing visually interesting about the park, covered shelter is dated.	11/13/2017 7:56 AM
38	the bark chips around play area need replacing	11/11/2017 7:13 PM
39	The playground is horribly outdated	11/11/2017 12:18 PM
40	No off leash dog area	11/11/2017 9:23 AM
41	Play equipment is starting to get pretty out dated - sometimes find lots of litter	11/10/2017 2:58 PM
42	Nothing	11/7/2017 4:02 PM
43	the structure is wooden and older. I fear that the kids will get hurt.	11/7/2017 3:56 PM
44	It could be more open and better visibility. There are sometimes some intimidating people hanging out there, so we don't always stop to play.	11/7/2017 2:21 PM
45	No bathroom. Old and dangerous.	11/5/2017 9:23 AM
46	When driving by now there are to many unsupervised teens that are disrespectful .	11/5/2017 8:04 AM
47	Metal slides and the equipment is not the best for small children.	11/4/2017 6:09 PM

Q7 What are your hopes, expectations or ideas for Baker Park?

Answered: 47 Skipped: 10

#	RESPONSES	DATE
1	Quince Park type improvement Dog park Walking path	12/2/2017 8:57 PM
2	For it to be Updated.	12/2/2017 1:59 PM
3	an up to date. that park has so much potential.	12/2/2017 9:37 AM
4	Bigger play structure and more toddler freidly.	12/2/2017 9:32 AM
5	that they put a bathroom with a sink in,	12/1/2017 12:35 AM
6	An updated playground, but maybe have some older aspects similar to the current playground (I.e. the slide). A restroom verses porta pory. Maybe a dog park!	11/30/2017 4:27 PM
7	Swings!!! The parks in town don't have enough swings, see saws, and picnic table's with shade.	11/30/2017 3:35 PM
8	Love to see more use of the large grass area.	11/30/2017 2:19 PM
9	Restrooms, new play area equipment.	11/30/2017 1:14 PM
10	A larger more updated program, no wood, a big slide, the rubber ground instead of bark chips, swing set, something similar to Hope Park	11/30/2017 10:36 AM
11	Clean park for the kids	11/30/2017 7:27 AM
12	more picnic area	11/30/2017 2:14 AM
13	Better playground	11/29/2017 11:21 PM
14	That rubber flooring like Hope Park, multi-age use play structure, backstop for family softball/tball, picnic tables, actual restroom, sidewalks.	11/29/2017 10:34 PM
15	It would be fun to have another playground to choose from in town.	11/29/2017 10:21 PM
16	A nice covered picnic area for families to gather Bathrooms	11/29/2017 8:55 PM
17	More picnic tables with shade structure. Maybe a larger covered picnic shelter. Nicer playground equipment.	11/29/2017 7:29 PM
18	A bigger playset, maybe some areas for adaptive kiddos to play	11/29/2017 4:04 PM
19	Bright colored, safe equipment. I'd love to see several types of swings, a teeter-totter, slides etc.	11/29/2017 1:17 PM
20	I believe this park serves as an "older" kid option, which is perfect for the area! Redmond has enough small children playgrounds. I hope the Park remains a place the big kids can be and any new structures are aimed at accommodating the more mature age. If the demographic is not factored, the current patrons will be forced out if it's full of new toys for small kids all the time. That would be unfair.	11/29/2017 12:56 PM
21	I would love a updated/splinter free playground and great comfortable seating for parents to read books while the kids play. and a great covered patio for birthday parties	11/29/2017 12:50 PM
22	Sidewalks	11/29/2017 12:20 PM
23	That you would not make any changes	11/29/2017 12:12 PM
24	Better field & basketball court	11/29/2017 12:07 PM
25	New play equipment Partial fencing or barrier to streets so kids can run/play move safely New bathrooms	11/29/2017 12:04 PM
26	I would love better restrooms than just a porta-potty.	11/29/2017 11:20 AM
27	i would hope all residents know where every park is and visit them for various reasons.	11/29/2017 11:13 AM
28	An all ages facility.	11/29/2017 11:05 AM
29	Accessible play structure with rubber surface. Have found unsafe objects in the bark chips.	11/29/2017 11:02 AM

Baker Park Renovations

30	We live 2.5 miles from Baker Park but don't go because there are parks closer to us that offer more or similar features (Hope, Canyon Rim, Quince). It would be great to have something offered here unique to this park to attract more residents and something different for kids.	11/29/2017 10:58 AM
31	Basketball court Baseball diamond Hope more homes around baker park will keep their homes nicer Any future developments will be good and welcomed	11/28/2017 12:10 PM
32	I love the natural feel of the wood play structure so I'd hope to keep that vibe with the park. I would also hope to see maybe a paved path for walking/biking around the park and ideally a short fence of some kind since the park is surrounded by roads.	11/20/2017 8:32 AM
33	A dog run would be great, an updated safer playground, and larger covered area with tables	11/19/2017 9:05 PM
34	Clean, well-lit bathroom. Paved trail around perimeter for roller blading and scootering. "Doggy trash" station.	11/18/2017 10:00 PM
35	New, safer playground equipment that will meet the needs of a wider age range including younger children. A permanent bathroom with baby changing station. Open green space to remain for other types of casual activities like playing catch or tag. Increased citizen or police patrols to address concerns with the safety and condition of the park.	11/17/2017 2:27 PM
36	We love what was done with Quince and Sam Johnson Parks so anything like that would be great.	11/13/2017 5:25 PM
37	The park needs sidewalk connection from 15th Street and nicely marked crosswalks. The open area to the south should have a walking path around it. A small restroom facility that looks like other city park facilities. (even Kalama has a bathroom and its a scary park.) Park monument signage at Obsidian and 16th. Visual upgrades to the covered shelter and get rid of the 'hay storage building' look. Needs trees that look alive during the winter.	11/13/2017 7:56 AM
38	more play equipment and more seating around play area	11/11/2017 7:13 PM
39	Update playground, make the playground suitable for younger kids and not just older kids as well.	11/11/2017 12:18 PM
40	Remains a safe place for neighborhood kids.	11/11/2017 9:23 AM
41	New play equipment	11/10/2017 2:58 PM
42	That it stay beautiful with lots of open space.	11/7/2017 4:02 PM
43	a nice, safe, play structure for all ages.	11/7/2017 3:56 PM
44	Having a 9 month old, I would love new play equipment for younger kids.	11/7/2017 2:21 PM
45	I would love to see a place where kids walking home from school could stop and play. So many kids just walk past on their way home. Should include play areas for a variety of ages. Also something I haven't seen at any area parks but would love to is a tandem baby swing where there is standard baby swing and a swing for the parent to swing on facing the baby. Having one or two of those would likely be a big draw for the park. One I found online is called the "expression swing".	11/5/2017 9:23 AM
46	Should be more space for bbq and family events	11/5/2017 8:04 AM
47	A larger play area, upgraded equipment. It would be nice to have different equipment than what is at surrounding parks. Seating/picnic tables. Play areas for a variety of ages of children.	11/4/2017 6:09 PM

5	We are just sad that we will potentially lose the unique play structure. I know it's old and needs to be updated but my kids love the aspects of the play structure. They love the slides and the little bridge.	11/30/2017 4:27 PM
6	Don't get rid of the old wood structure. Can't find parks like that anymore	11/30/2017 2:19 PM

12	I'd be worried about them cutting down trees.	11/29/2017 10:21 PM
13	I realize this is impossible but I hope it won't turn into another Hayden Park where kids gather to smoke and use terrible language.	11/29/2017 8:55 PM
14	vandalism and pushback from neighbors on design concepts. I'd like to see the parks department use the space well, keep the old growth trees on the property.	11/29/2017 1:17 PM
15	There's little/no parking for vehicles which is ok but not ideal now. It is a perfect place for all the kids that walk to and from both nearby schools. That is only because it's not a "new/updated" Park & the current residents are mindful of the daily routines & schedule trips accordingly around the kids. There is a lot of traffic already. I want the updates, but fear If the park changes bring more vehicles, this will make the nearby area more congested and likely hazardous. It cannot facilitate a change without adding multiple safety features for access, such as at a minimum sidewalks & updated crosswalks, etc. Canyon is already used as a raceway for high School kids and has been a constant growing safety nightmare. I would advise a serious look at adding police presence to nip that problem sooner than later. A child is going to get hit on Canyon/Obsidian cross or very near between 2-5pm, it's only a matter of time.	11/29/2017 12:56 PM

22	No concerns, I think any future development would be beneficial for the park and the surrounding community. I would be happy to be involved further in the planning if at all possible. You can reach me at my personal email: mandm4811@gmail.com	11/20/2017 8:32 AM

Baker Park Renovations

25	No concerns, Thank you for picking Baker Park for a face lift! The equipment is the same I played on as a child growing up in Redmond. It is definitely time to invest into this great neighborhood park. I would be happy to participate in the planning as a stakeholder. Please email me if you are looking for further community involvement.	11/17/2017 2:27 PM
26	Baker Park needs identity and character. The future plans need to include design that makes it unique to other parks in town and creates a little neighborhood pride.	11/13/2017 7:56 AM
27	Don't take away too much of the grassy open area	11/11/2017 7:13 PM
28	Not many concerns, as any improvements will be good as the park just seems to mostly be abandoned by the city except in terms of yard maintenance.	11/11/2017 12:18 PM
29	None	11/11/2017 9:23 AM
30	Don't change it too much, we really like the open space, with no sports fields.	11/10/2017 2:58 PM
31	That a developer will buy it from the City and put houses there.	11/7/2017 4:02 PM
32	I don't want it to attract older kids with a lot of places to sit around or to cause problems at the park. If the structure is too big the older kids come and play tag and make it dangerous for the little kids. I see this every time I go to Johnson Park in the Canyon on the weekends. There is always a group of kids running through the structure, playing tag, and it's not safe for the other children trying to use the structure. There should be age caps on the use of certain equipment so that parents/guardians can point that out to the offenders.	11/7/2017 3:56 PM
33	Safety is a big concern in this area, but that is more of a police department issue than parks department.	11/7/2017 2:21 PM
34	Improve it for the neighborhood, but not to draw large crowds and traffic like Sam Johnson park did.	11/7/2017 8:45 AM
35	I would like to keep the layout open. Because there will be lots of kids walking past to and from school it will be good to not have low visibility areas so kids don't get up to anything they shouldn't.	11/5/2017 9:23 AM
