- Attention City of Redmond residents, Central Oregon Asphalt Sealing will be seal coating the above mentioned cul-d-sacs/streets starting **Monday June 17th through Thursday the 20th, weather and equipment pending.**
- If you live on one of the streets being sealed, please be aware of when the work will be taking place. You will see marked on the roads where the sealing line starts.
- If you live on a street being sealed and need to leave anytime during the day, please have your car out of your driveway by **8:00 am at the latest, and parked on the other side of the sealing start line marked on the asphalt.**
- There will be **NO** vehicle traffic after **8 am until 5 pm.**
- If you can, please plan accordingly and **keep your commuting to a minimum.**
- Once the seal coat is applied, foot traffic is ok within a few hours. If you need to walk across a section of road that has been sealed, please make sure the sealant has a matte finish and does not look wet. Please check your shoes before walking on any pavers, concrete, or walking into your house after crossing on freshly laid sealant.
- Visit [www.redmondstreets.com](http://www.redmondstreets.com) for more info
- **Residents are liable for charges to repair any damages that may occur, due to negligence.**

Please let us know if you have any questions.

Thank you for your understanding and cooperation.
